It is mandatory to have an environmental mat, oil absorption fabric, placed underneath the vehicle in the paddock/pit to prevent oil on the paving/into the ground.

Residual chemicals, such as oil, fuel and other chemicals should be disposed at recycling stations at the track. **In the event of oil spill in the pit space a fine of 3000 SEK, will be issued to the team.** All other types of garbage must be sorted in fractions at the recycling stations at the track.

(Depending on if you have booked 16A or 10A electricity in the pit you have received a special plastic stripe that should label your electric cable.
